

GRANITE CITY'S MEMORIAL FOUNTAIN to those who paid the supreme sacrifice in world war II, sketched here, will be located in Memorial Park, fronting St. Elizabeth Hospital. Funds for the fountain, which will have a 16-foot spray, are being given by the Granite City War Memorial Committee.

A bank of concealed, multi-colored lights will illuminate the fountain. The park area will be landscaped to provide a fitting setting for the war memorial. The line drawing is by Gabriel and Dulgeroff, architects.

Candidate Filing Slows Down For City-Township Offices

Candidate filing slowed down in Granite City over the weekend, but a surge of filing is expected before the period closes on Feb. 13 for the April election. At least four women will be among the large number of city-township office seekers.

As of now, only three of the seven possible mayor candidates have filed petitions of nomination; and at least a six-way race is shaping up for the office of city treasurer. The latest probable entry in the mayor race is Victor Davis, 2814 Dogwood drive, who obtained petitions to-day.

However, the stiffest competition is developing for the First Ward aldermanic post, where eight candidates have petitions. In the Sixth Ward there is a possibility of at least five candidates.

On the township side of the ballot, at least three candidates are expected to vie for the office of supervisor and five for the post of tax assessor. Also to be elected are two assistant supervisors, and at least six candidates are expected.

A possibility of 46 city candidates for 36 offices and 14 township candidates for four offices is anticipated.

4 Women Office Seekers

Granite City's first alderwoman, Mrs. Gabrielle Bettis, is a candidate for re-election in the Seventh Ward; while Mrs. Virginia O'Beir is in the big race for the First Ward post, and Mrs. Lilly Chaboude obtained petitions last week for the Sixth Ward.

The fourth woman candidate is to be Mrs. Elvira Thurber, presently a township justice, the peace, who filed today to oppose veteran City Clerk Albert Ernst (241) Rich, Ex-Mayor.

New Building Being Erected At Reilly Plant

Construction of a large, sheet metal building at the Reilly Tar & Chemical Corp. plant here is expected to be completed by the end of February, it was learned today from Plant Manager Kenneth Morrison.

The building, estimated to cost \$30,000, will be 90 feet wide and 250 feet long to cover three 80-foot square pitch bays, protecting the product from the elements.

Morrison said work on the structure was started last week by M. H. Wolfe & Co. and the building is expected to be delivered by the first of February. He explained that liquid, a by-product of the firm's tar process, is pumped in pickup after it becomes solid.

The plant manager said two new tar stills recently installed have been functioning properly and increasing the output of the local plant which now operates six tar stills. It obtains raw materials from the coke ovens of Granite City Steel Company blast furnace department. Morrison said the two new stills are removed for shipment after the firm's engineers.

The plant, located on Edgewood street at 14th street, employs about 75 persons.

2-Week Jail Stay For 100 Children Each Year

Average Of 8 In Jail Daily Due To Lack Of County Juvenile Home

An average of over 100 juveniles a year are being detained in the ancient Madison jail, receiving treatment and care similar to that accorded hardened criminals. Average daily population is eight children, and average stay is two weeks.

This was pointed out today in the first phase of a survey by county authorities. The study was launched several months ago to determine the need for a county juvenile home to house the types of facilities that would be desirable.

Present facilities and manning at the county jail do not make it possible to extend extra care for juveniles, many of whom are not involved in a criminal investigation. It was noted. They remain within the jail at all times, and are permitted only two visits a week.

Sales Tax Fund

A juvenile home could be financed from the county government's share of sales tax, the half-cent levied in unincorporated areas, 60% is being devoted toward competition of the purpose.

The survey is being made by the Madison county court, county juvenile office, state's attorney's office, Samuel E. Sanner, who is architect for the project, and the detention home committee and the new building committee of the Madison county board of supervisors.

James Reidelberg of Venice, county juvenile officer, worked on an initial portion of the report, announced today, showing 693 juveniles kept at the county jail during the past six-year period.

It is his hope that a separate structure can be built and that it will be known as a juvenile center, not a detention home, since many of the occupants are not involved in a criminal investigation and for supervision under their conduct.

Clint 10,083 Days of Occurrence—Average of over 16 days for each child—Reidelberg pointed out that the figures do not include youngsters held in city police jails. In some cases, it would be impossible to get the figures if more available facilities were available at the county jail.

Also, the statistics do not reflect those not taken to the county jail, but held in homes as "emergency shelter care," a practice regarded as requiring time to make arrangements that would be unnecessary with a juvenile home of adequate size.

In a statement accompanying statistical tables, the report said that "many children in need of emergency treatment at the county jail are held in homes as 'emergency shelter care,' a practice regarded as requiring time to make arrangements that would be unnecessary with a juvenile home of adequate size."

11 of Quad-Cities' 15 Thefts On Weekend Involve Vehicles

Eleven of the 15 thefts occurring throughout the Quad-Cities over the weekend involved motor vehicles. Local police and county authorities noted a sudden upturn in thefts from automobiles, and pointed out that two of three vehicles stolen last week were recovered in the Ponton Beach area.

Items taken from vehicles included a camera, wheels, fenders, hubcaps, chrome exhaust pipes, and an undetermined amount of ice cream was stolen from a delivery truck.

Three vehicles, two automobiles and a truck stolen in Granite City last week were recovered over the weekend. County nightriders found the 1949 auto of William Brokaw, stolen between 5:30 and 11:30 p.m. Thursday from in front of his home. It was located about 3:15 a.m. Saturday at Breckenridge lane and Lake drive.

Also found in the Ponton Beach area at Breckenridge and Central lanes by the owner, Robert Brokaw of Brokaw's Service station was a yellow pickup truck with blue fenders that had been stolen Friday night from the station at 1131 Edwards street. Brokaw told police the truck was located about 4:30 p.m. Saturday.

Granite City police located the 1949 sedan of Donald Taylor, 5421 Evergreen avenue, in the 2000 block of Lee avenue Saturday afternoon. It had been stolen between 3 and 11 p.m. Friday from a parking place on 19th street between the railroad tracks and West 20th street at the Union Star and Refining Co. plant.

Lumber Worth \$115 Stolen

Lumber worth \$115 was stolen from a job site at 3315 Washburn avenue, according to a report made Friday to Granite City police by Watson Mercer, contractor. He said three 16-foot long 4x4-inch boards and 15 4x8-foot sheets of painted plywood.

Theft of four guns from the office at the Paul Thomas junk yard on State Route 111, was reported Sunday by the sheriff's office at Edwardsville. Entrance was gained by forcing a door.

Taken were a 12-gauge shotgun, a .22 caliber pump gun, a .22 caliber bolt-action rifle and two-and-a-half 22-caliber 410-gauge shotgun.

Democrats Nominate Hartman, Cy Walker

GOP Nominees Decline; No Independent JP Candidates In District

Venice City Atty. Harry E. Hartman was unanimously nominated to run for the office of District One justice of the peace. He was named during the Democratic caucus held Friday night at the Venice American Legion home. His running mate for the constable post will be Cy Walker, who is commissioner for Granite City Precinct 24 and vice-chairman of the Democratic city committee.

At the Republican nominating caucus, held Friday evening in the council chamber in the city hall in Granite City, there were no nominees. C. Luther Radford, justice district commissioner, said two possible candidates, "Our objection," he said, "is we do not believe the lower courts should be put into partisan politics."

Radford indicated that local Republicans probably would support independent candidates seeking office in District One, which includes all of Granite City, Venice and Nameoki township in the Mitchell area.

About 25 persons attended the GOP caucus, and those turning down nominations were George W. Burt, constable at present, for the peace, for the GOP justice candidate; and James Barton, a Granite City auto salesman, who was nominated for constable.

No Independent JPs

The filing period for independent candidates ends this evening at the office of County Clerk Miss Eulalia Hotz in Edwardsville. At mid-morning, there were no filings for the District One justice of the peace; but two Granite Cityans, both township constables at present, have filed for the constable post. They are J. Oliver Lowrance, 2664 Clinton street, and Walter J. Emde, 1249 Niedringhaus avenue.

However, two possible independent candidates for justice of the peace are Warren W. Rock, who lives at 909 East Chain of Rocks road, and Mrs. Elvira Thurber, who lives at 1014 Skenen street. Both have petitions for the District One post. Mrs. Thurber, now a Granite City township JP, also is a candidate for city clerk.

The Democratic caucus, attended by about 150 persons, was presided over by precinct committee member, headed by Walter "Buck" Simmons, county chairman.

Robert Gibson, city chairman for Granite City, was selected to head the Democratic ticket. Hartman, who was endorsed by a group of local attorneys for the 1960 post, was the only candidate nominated and was elected unanimously. He resided in Venice when he was elected, but moved to 3340 Red Bud avenue in the Gorbie addition, Nameoki township.

Two candidates were nominated for the constable post—Walker and Otto Ehling, who presently is a Granite City township constable. Following a five-minute recess, Walker was elected by a vote of 110-to-4.

Under new state law, a justice of the peace and a constable are to be elected April 4 in special districts set up in each county. There presently are 20 justices of the peace and 20 constables in the four local townships.

The county board has set a salary of \$6,000 a year for justices of the peace with an allowance for office expenses.

Cornerstone Ceremony At 1st Assembly New Sanctuary

Cornerstone ceremonies for the new sanctuary of First Assembly of God Church, to be erected at a cost of \$182,000, were held at noon yesterday with members of the congregation, the architect, representatives of the building contractors, a city official and the pastor, Rev. Paul Evans attending or participating.

The ceremony was conducted at the northwest corner of the new sanctuary site immediately following morning worship services where Rev. Evans chose as his sermon topic "Jesus Christ, The Chief Cornerstone."

A church youth group, the Junior H's, prepared a "time capsule" which was inserted in the cornerstone. Included were papers written by members of the youth group on the subjects "Home Life in 1961," "Missile Age, 1961," "My Community" and nine letters to future teenagers describing present modes of living.

Also contained in the missile were a picture book on current household gadgets, a booklet on the history of Granite City, a history of the First Assembly of God Church, photographs taken at the ground-breaking ceremony and pictures of the new sanctuary under construction.

Expected to be completed in May of this year, the new building at 24th street and Grand avenue will seat 885 persons on the lower floor, balcony, open floor room and the choir loft. Floor space totals 650 square feet.

A fellowship room is to be located in the basement below the sanctuary, and has seating capacity of 100.

commodations for 350 persons. Rev. Evans said a day of service has tentatively been set for June 23.

The exterior of the building will be masonry accented with stone, glass and aluminum. The building will be contemporary in design. A turn-around drive at the main entrance will assist church members in arriving and departing.

The sanctuary interior will be finished in natural tones, using buff brick with warm tones of wood finished in the arches, ceiling and wood paneling.

The chancel will be highlighted with a sunken baptistry surrounded by a stone planter, and will have a backdrop of vertical wood paneling with a lighted wooden cross superimposed upon the paneling.

Taking part in the ceremonies with Rev. Evans were seven members of the church board, second ward alderman Samuel Whitmer, general contractor Gene H. Stenberg, architect Robert Fields, architectural engineer William Farres, and subcontractor representatives Jack Cook and Clyde Balmfor.

About 150 members of the congregation stood in a light drizzle to witness the laying of the cornerstone; others watched from the shelter of the church building.

Mayor Davis Speaks At St. Louis Kiwanis

Mayor Leonard R. Davis was guest speaker at the regular monthly meeting of the Downtown Kiwanis Club of St. Louis held at the Jefferson Hotel on Thursday.

Mayor Davis, who also is president of the Southwestern Council of Mayors, urged all agencies in the Missouri-Illinois area to give them full support to the Bi-State Agency since it has been determined that the Bi-State Agency will plan, construct and operate the proposed second major airport to be located in the metropolitan St. Louis area.

Davis said the Bi-State Agency is the right agency for this project, inasmuch as a second major airport is the problem that must be solved by an agency covering the entire area.

"Without a doubt, there are many people on each side of the river who would like to see this project constructed on the side in which they live."

"I have faith in those who will plan the project. The location will be decided by the need of the majority of our people and not some small group."

"As the mayor of Granite City and as president of the Southwestern Council of Mayors, I urge all agencies in the metropolitan St. Louis area to give their full support to the Bi-State Agency in their effort to make the second airport a reality."

Warriors Win Championship At Dupo Tournament

Tight Defense, Simpson's Shooting Stop Jerseyville In Final Saturday, 62-48

The tide has turned so far as Granite City high school's varsity basketball team is concerned.

At least that was the way grinning head coach, Andy Sullivan, felt Saturday night as Warrior players and fans whooped it up in the center of the court after the team defeated Jerseyville 62-48 for the tournament championship at Dupo high school.

"I think we've arrived, and last Tuesday's defeat (at Madison) may have done us more good than a lot of people realize," Sullivan yelled to make himself heard above the noisy mid-court celebration.

Record Now 8-5
The Warriors were a smooth and balanced team throughout the tourney as they ran their record to 8-5 in capturing the team's first trophy since last season's regional competition. They played heads-up defense against all three tournament opponents, averaging 68 points a game while limiting O'Fallon, Dupo and Jerseyville to an average of 44 per cent.

Simpson Took With 25
But badly needed Saturday night was a consistent scoring threat. Sullivan had one ready and willing in frontliner Jim Simpson, who bombed them in all evening from all over, hit nine of 10 free throws and passed the Redmen with 25 points in his best scoring evening of the season.

"We were fortunate that Jim was hitting so well," Sullivan said. "Frank (Knobloch) a boy who'll pick you up with 20 points in most any game, wasn't hitting well at all, and we don't win many with him not scoring." Knobloch was hampered somewhat by fouls.

Sullivan was also of the opinion that the Warriors played a good floor game, and statistics kept by Jayvee Coach Dick Harmon backed him up. "They made only seven floor mistakes," Harmon said after consulting his charts, "and didn't lose the ball once on violations."

Press Is Effective
On the other hand, George Haven's Panthers were pressed into numerous mistakes when Granite City applied full-court pressure early in the game and kept it up. Especially effective on defense were Grant Takmajian, John Grobowski and Harry Thurau, who literally took the ball away from the Panthers on seven occasions.

In the final accounting, the championship was won at the free throw line. The Warriors cashed in on 22 of 30 chances while the Panthers hit only six of 15.

Panthers Foot Out
Despite its tight defense, Granite City committed only three fouls in the first half and a total of 13 in the game. Knobloch got into foul trouble in the third period, but Panther regulars Gale Clay and Marion Phipps both fouled out of the game in the final period, leaving the Warriors with more than seven minutes remaining.

Jerseyville's leading scorer with nine points, Tom Andes, also had to play cautiously late in the game with four personals hanging over his head. The lead changed hands five times in the first quarter, which ended with the Panthers ahead 15-10.

By halftime, the Warriors had taken a 25-15 lead. Dupo got only 10 buckets from among 10 players, with Jim Parker's nine points the best in individual performance for the losers, who were eliminated 20-15.

Alton Bows Out
Also bowing out Friday night was the disappointing Alton squad, which was thoroughly shellacked by hustling Jerseyville, 73-52. Led by Gail Gray's 18 points, the Panthers had four players in double figures and halted home after opening up a 31-19 lead by halftime. Larry Shoemaker was high for the Redbirds with 15 points.

The Granite City-Dupo scoring: GC — Jim Simpson 16, Frank Knight 12, Grant Takmajian 12, John Grobowski 9, Larry Diak 5, Harry Thurau 4, Bob Hefek 4, Larry Wortham 3, Glen Hoffman 2, Larry Papp 3, Max Prusak 2, George Moore 1; Dupo — Parker 9, Smith 6, Ridenour 3, Wolf 2, Coume 2, Lane 0, Pratt 0.

The Warriors were down 0-10 in Thursday night's first-round game with a steady attack in the final three periods to move above the 500 mark at 7-6. The final score was 70-53.

Belleville Help Out
Jim Simpson led Granite City with 18 points, and Redmen backliners provided excellent support, supplying 32 points between them. Grant Takmajian counted 14 points and John Grobowski 12. Ten of Grobowski's markers came at the free throw line. Frank Knight was the fourth Warrior in double figures with 10.

After a slow start, Granite City smoothed out its attack and scored 19 points in each of the last three quarters. The Panthers had fallen behind at halftime 22-25, and could not challenge for the lead afterwards.

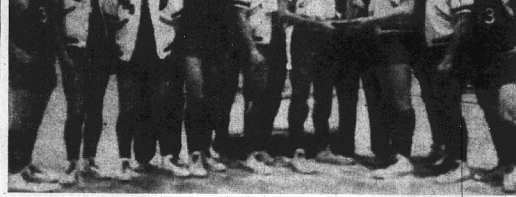

Don Frailey and Ron Mann were the big guns for the losers, each scoring 17 points. Other Warriors who contributed to the Granite City victory were Harry Thurau 7 points, Max Prusak 6, Bob Hefek 2 and George Moore 1.

Belleville Cathedral, with the best record of any team entered in the tourney before it began, was nudged into the consolation bracket in Thursday's second game by host Dupo, 55-25, despite a 25-point performance by the losers' Rich DeSalvo.

Dupo, winning its fifth in 13 tries, had better scoring balance. Doug Edwards popped in 19, Willie White 18 and J. M. Parker 17.

Lincoln's last encounter with Kinloch was on Dec. 23, when the St. Louis quintet handed the Venice squad an 82-73 setback.

Thomas Hall, who is rapidly gaining respect as a top area player, will go into the contest with a 27.5 average. Chavis, who was out of action in three games, has a 13.5 average, and Charles Hatter, a player underling in early season, is hitting for a 16.1 per game mark.

The Rams will go into the game owning a 4-5 won and lost mark.

Prather 9th Bows To Wood River, 56-55
"We've become known as the one-point club," said Prather's ninth grade basketball coach Bob Miller Friday night. His team had lost at home to Wood River, 56-55.

Prather lost four by one point this season. The team had a one-point lead with less than a minute to go Friday, but couldn't hold on. It had trailed by eight at halftime.

Larry Lilley gathered 21 points for the losers, Ken Ferro 22 and Larry Miller 10. Hatter, who scored for Wood River, had a 13.5 average, and Charles Hatter, a player underling in early season, is hitting for a 16.1 per game mark.

The conference. Their record is now 6-5.

"They're going to be tough again—just give them a few more," said Schmitt, commenting on the much closer final result of the Jayvee matches, which were carried out simultaneously with the varsity wrestling. The GCIS second team won 33-23, but gained five points on a forfeit win in the second round.

Chadwick's Mark 10-1
Schmitt expects and predicts much stronger competition from Cahokia when the Comanches call here tomorrow at 7:30. One of the few schools in the Midwestern Conference to roll out the mats, Cahokia has a 40-1 record this season.

Two Comanche grapplers are undefeated, Grady Hall at 120 pounds and Bob Browning in the heavyweight class. They will be paired with Roger Woodworth (131) and Edgings (112) on Tuesday's action, which should be the highlight of the matches. Comparing scores, Cahokia trounced East St. Louis last Tuesday, 45-3.

Walker Back In Form With 28 Points; Trojans Regain MWC Lead At Roxana, 70-57

Big Ed Walker regained the form that made him the Midwestern conference scoring champion last season, and Madison regained the lead in the loop basketball race Friday night with an important 70-57 victory at Roxana.

Walker looped in 28 points, his season's high, in leading the fast-moving Trojans to their fourth straight conference win and Madison's eighth triumph in 11 outings.

One-Half Game Lead
Roxana dropped to 500 for the season with a 6-4 mark. The Trojans entered the game with a perfect 4-0 MWC slate, and now trail Madison by one-half game near the midway point of the conference schedule.

Madison manufactured a comfortable first half lead, that was content to maintain most of it in the final two periods as the Trojans moved back and outscored their visitors 31-27. Madison was on top 43-27 at the intermission.

Walker, moving down underneath, scored 10 times from the field and seemed to display a better touch when he got out of the shot. Coach Earl McCannahan said the 6-5 senior had been palming the ball and shooting off the back of his hand in a drive fashion since the season began — until Friday night.

Breaks Glass Support
Madison's guards, who have taken turn about in providing stout court support as Madison rolled to four straight victories, came through again at turn Friday. He pumped through 15 markers.

Forward Don Freeman, averaged 18 points and 12 rebounds per game since Madison began its longest win streak of the campaign, netted 14 points.

Rounding out the solid attack were Ken Griggs with 5 points, Chuck Venarsky 4, Mick Gravelle 2 and Terry Anderson 2. Ron Thomas paced the Shells with 18 points and Ed Parsons hit 11.

East Alton Victim Of MJHS Cagers
Madison junior high school, trailing by one point at halftime, outscored visiting East Alton by 16 points in the second half to win a junior high school conference basketball game Thursday 38-23.

Hayes Wright poured through 28 points for the winners, who are 4-4 on the season. Madison's seventh grade squad was held scoreless in the first quarter and was defeated by East Alton 26-17. John Brake scored eight points for the losers.

Coolidge 7th, 8th Cagers Defeated
Collinsville's eighth grade cagers pressed the entire game in running to a 64-33 win over Coolidge junior high school's eighth graders here Thursday night.

Coolidge Coach Frank Kraus used everybody on his bench. Chuck Mieraki led the Little Braves with 10 points. Collinsville won the preliminary seventh grade game 51-22. Coolidge plays at Madison JHS today at 4 p.m.

Reappointment Of Highway Engineer By Gov. Kerner Will Keep Road Program Moving

Gov. Otto Kerner's decision to reappoint as Illinois chief highway engineer Ralph R. Bartelsmeyer definitely indicates that he intends to carry out his pre-election statement and select "the man for the job."

Bartelsmeyer, who comes from Belleville, was first appointed to the post in 1953 by former Gov. William G. Stratton. In the last eight years, he has supervised the expenditure of more than \$1 1/2 billion dollars in Illinois roadways, capably and conscientiously.

To have lost this vast background of close association and experience with Illinois' long-range highway program could have been extremely costly to the people of this state, both in time and money. And Gov. Kerner obviously realized this, too.

Highway proposals in the Quad-Cities area, including the \$18 million riverfront road, should be able now to proceed as scheduled and without undue interruption or delay.

Friday The 13th No Antidote For Malady Of Triskadekaphobia

Those afflicted with triskadekaphobia—fear of the number 13—were conspicuous by their absence as a group of Illinois residents assembled Friday in Chicago for a meeting of the Anti-Superstition Society, held each time that Friday and the 13th day of the month coincide.

Founded by Nathaniel Leveone to defy and defy superstitions, the group held its usual ritual of entrance under 13-rung ladders and smashing of 13 mirrors with 13 horseshoes under 13 umbrellas. Admission charge—you guessed it—was \$13.13, with proceeds going to charity. The call to order was at 5:13 p.m., and the adjournment at 7:13.

Superstition has haunted humanity since the dark ages, and a veritable witches' brew of bad omens has developed—none with any basis in science or logic.

Personally, we do not believe in superstitions, and the approach of Friday the 13th did not bother us one bit. With rabbit's foot in hand, we spent the day calmly and confidently.

Fresh Approach To Youth Problems Discussed At Unique Gathering

While juvenile problems and crime have been neither stamped out nor greatly diminished nationally, there is always interest in a fresh approach. Such a new idea—a helping hand extended by other youngsters—was unveiled locally at a unique gathering of 125 young people

and youth leaders representing state, county and local agencies, schools, police, social workers and scout, recreational and youth organizations.

There is a continuing need for supervision and guidance by parents; counseling at churches and schools; and direct action by law enforcement and youth officers when warranted.

But the program newly launched by the Madison County Youth Federation, although in the experimental stage, potentially could prove valuable in the overall effort to help youngsters successfully pass obstacles along the road to maturity. It will merit attention as further planning sessions are held.

Electronic Brains Showed Limited IQ On Elections

Has the machine age gone too far? For the answer to this question we may have to wait for televised reports of the next national election. In November 1960, "electronic brains" merely served in a supporting role; perhaps the next time they will take full charge of the broadcasts.

Computing machines that were used to project the 1960 outcome virtually had the election decided before balloting was completed on the west coast. The machines, however, were wrong. Rather than a landslide, the official tally showed President-elect Kennedy received 34,221,463 or 49.71% of the votes and Vice-President Nixon polled 34,108,582 or 49.55%.

We can see one advantage in reliance on the mechanical "marvels." When his 1948 election night prognostications misfired, H. V. Kaltenborn was left somewhat red-faced. The computers of 1960, at the last report, have shown nary a blush.

Automatic Crossing Signals Big Contributor To Safety

All of use leave "footprints on the sands of time" in some ways and degrees, but few have made as timely a contribution as that of Harry C. Sampson, retired railroad superintendent, who died last week in Bloomington, Ill.

It was in the 1930s that he saw a need and set to work developing automatic signals for railroad crossings. First major installation of his device was in Lincoln, Ill., in 1938, and flashing red lights and gates soon became a familiar sight throughout the United States and overseas.

There is no estimate of the number of lives saved, but the increase in auto traffic in the past quarter century could have caused a tragic toll at unguarded crossings. It was his job, in a sense, as head of signals and telegraphy for the old Chicago and Alton Railroad, to seek greater crossing safety. But his success in promoting safety throughout the world will be long remembered.

County Tax Sale Starts This Morning

The annual Madison county tax sale began this morning in the second floor corridor outside the office of County Treasurer Daniel W. McGee at the county courthouse in Edwardsville. The sale started at 9 a.m. with Chief Deputy Treasurer William T. Carson again in the role of "auctioneer."

After the initial property with 1669 delinquent taxes was put up for bid, the "sevens" portion of the sale was started to extend through all items delinquent in 10 or more years. At least a day and a half is to be needed to complete the sale.

Judgment against all property on which 1959 taxes remained unpaid in 1960 and for delinquencies over 10 or more years was entered last week by County Judge Michael Kinney upon application of County Treasurer McGee.

In the scavenger portion of the annual sale, real estate prop-

erty delinquent in 10 or more years are "knocked down" to the highest bidder—subject to a two-year period for redemption—while on "current" delinquencies tax bills owing are "sold" to bidders at the highest interest rate for the same redemption period.

Natural Food Group To Visit Slides Of Europe

Dr. Wilbur Bohm of Edwardsville will speak and show all of his visit to Europe and the Olympic games last summer at a meeting of the Granite City chapter of Natural Food Associates tomorrow evening at the Knights of Pythias home.

Dr. Bohm attended meetings in Rome and Vienna on the topics of health and medicine as related to sports, and went to an osteopathic convention in London.

The group also will discuss attendance at its association's national convention in St. Louis March 2, 3 and 4.

2 Building Permits Issued Last Week

Two building permits were issued in Granite City last week and included one for a new dwelling and the other for a house remodeling project, according to Granite City Building Inspector Earl Bloomquist and City Clerk A. L. Stevens.

Obtaining the permit for a dwelling was Donald A. Watson, who is erecting an \$8000 frame house with four rooms and bath at 4114 Rode avenue. The remodeling project, to cost about \$1000, is for the home of Kathryn Robertson, 2512 Madison avenue, where a porch is to be repaired and the interior of the house remodeled.

So far this month, five permits with a total value of \$19,887 have been issued in Granite City.

Mansfield To Teach Course On Labor Laws

A course in labor legislation is being offered for the first time at Southern Illinois University's Southwest Campus. The first session convened Thursday night at SIU's East St. Louis center.

E. R. Castevens, supervisor of Southern's Industrial and Technical Program in this area, said the class will meet Tuesday evenings from 7 to 9:30 through March 30, taught by Frank C. Mansfield, assistant plant manager of Dow Metal Products Co. and manager-secretary, East Side Associated Industries. Mansfield holds a bachelor's degree from the University of Illinois and a law degree from Washington University.

A survey of labor legislation now in effect will be made during the term. This will include a study of the Fair Labor Standards Act, Old Age and Survivors Insurance, Social Security Act of 1935, unemployment insurance and workers' compensation.

"A major concern will be the National Labor Relations Act as amended. Unfair labor practices of both employers and unions will be covered, along with secondary boycotts, hot cargo provisions, legal aspects of strikes and arbitration and governmental intervention in labor disputes." Registration will be open until Jan. 20.

Scout District To Seek 14% Gain In Units

A 14% increase in the number of units in the Uniwah Boy Scout district will be sought during 1961, it was decided at the first district committee meeting of the new year Thursday night. Twenty-three attended the dinner at Cline's restaurant.

Goals outlined by Rev. John Dugan of the Mitchell Presbyterian Church, new district organization and extension chairman, were totals of 29 cub packs, 30 scout troops and 16 explorer posts, a grand total of 75.

Present: Quadt City scouting unit number 66, including 27 troops and 13 posts. The three phases serve the younger, middle and older levels of the boy population.

With over 1500 scouts at present, the goal for the year of this year was set at 2100, consisting of 1125 cubs, 740 scouts and 235 explorers.

Advancement, Camping

Advancement Chairman Wendell McIlroy reported a goal of 55% of boys advancing in rank in 1961. Camping Chairman Joe Lane, 58% of units with outdoor programs in the summer; and Leadership Training Chairman Robert McCord, 70% of unit leaders with basic training.

Health and Safety Chairman Cliff Blankenship said continued first-aid meets and meeting places inspections are planned, and Finance Chairman Allen Jesse reported plans for continued efforts to help the United Way reach its goal. District Commissioner Bernard Miller Jr. said it is hoped to have at least 40 commissioners at a 60% training level.

Sigmund Fredericks, who has been succeeded as Uniwah district chairman by Gerald Walters, gave a brief welfare talk and recalled that attendance had totaled only three at the first district meeting after he began his duties as chairman three years ago.

Presidential Award

Institutional representatives gave reports on the present status of units, and Miller presented Fredericks with an appreciation streamer to indicate the district's achievement of having 61% of units win the award, based on specified attainments by half of all scouts in a unit.

Fredericks presented Miller with a scout plaque on behalf of the district for his service as commissioner. Miscellaneous program, camping and recruiting awards also were presented.

District Executive Dan Brown reported that Uniwah not only led the council with 61% of units earning the presidential streamer, but also led with 66% of units supporting the scouting commemorative tribute program and giving an average of \$6.50 a unit.

He noted that roundtable attendance in January was ahead of previous years' average, and reminded the group of the annual council business dinner meeting Jan. 29 at St. Peter's Evangelical and Reformed Church and the annual council appreciation dinner Mar. 18.

1961 scouting fair May 6 and 7 also was discussed.

Four Vehicles Damaged In Crash Saturday

Four vehicles, three of them parked autos, were damaged about 7:10 p.m. Saturday in an accident in the 1800 block of Edwarsville road.

Driver of the only moving vehicle Robert R. Pearce, 40, of 1710 Edwarsville road, Madison, told Madison police he was driving west when his half-ton panel truck hit a bump and the steering wheel slipped out of his hand.

The police report shows there was damage to the rear of the auto of Carlton W. Hill, 1887 Edwarsville road; to the left side of the auto of Virgil Hays, 2308 Cayuga street; and to the left rear fender of the auto of Gailher E. Yates, 2144 Adams street. No injuries were reported.

**ASF Credit Union
Elected Four Directors**

Members of the ASF Granite City Employees Federal Credit Union re-elected four members to the board of directors and named one member to the credit committee during the annual meeting Saturday night at Cline's restaurant.

Directors re-elected were William Seidler, Matthew Pappas, George Ehler and Frank Seidler. Other board members were Arthur C. Webb, special representative of Cuna Mutual Insurance Society, and Cleo Parker, treasurer of the Nickel Plate Federal Credit Union.

The board of directors will meet next Wednesday to elect officers and appoint a new member to the supervisory committee.

Billfold Lost

David Thompson, 4170 Breckenridge lane, reported to Granite City police Thursday that he had lost a wallet at Granite City high school. He said it contained his driver's license.

Local Area Residents Plan To Attend Inauguration

Chairman of the Democratic Organization in a crucial county of a state on which hinged the outcome of the presidential election, Walter T. "Buck" Simmons has a double-edged problem.

Simmons, chairman of the Madison County Democratic Organization, has been invited to attend the Jan. 20 inaugural at Washington of President John F. Kennedy and Vice President Lyndon Johnson.

Chairman Simmons said today he does not expect to be able to attend. Primarily, this is due to the illness of a brother, William R. Simmons. Secondly, it would cost something in the neighborhood of \$500 to attend and participate in the various events. Tertiary, this is due to the illness of a brother, William R. Simmons.

However, the Quad-City area will not be without full-fledged representation at Washington on Jan. 16.

Robert Gibson, president of the Illinois Young Democrats, has been invited, and said today he plans to attend.

Others who may attend, he indicated, are Mrs. Robert Weeks, Mitchell, Madison County Democratic Organization chairwoman; Mrs. Cecil Dant, Madison, Democratic state central committee chairman; Gordon Roth, Mitchell, Democratic Precinct Committeeman; Sandy Pence, Circuit Clerk Willard Portell and County Auditor John Kravynak.

Others who may attend, although not yet fully decided are Chris Costoff, Venice township Democratic chairman; Andrew Rapoff and Von Dee Cruise, township tax assessors.

Rep. Melvin Price has advised Simmons he has four invitations available for Madison county guests attending the functions.

Chairman Simmons explained today that the outlay for inaugural-going would be almost prohibitive. There's a \$100 fee for one event, he pointed out, and \$40 for the inaugural ball, and this doesn't include travel and hotel accommodations.

"It would cost to be in the neighborhood of \$500 to attend, he cited.

"Believe me," he mused, "I would like to go."

Simmons will take second position to no man's stance and deep satisfaction in the Democratic victory at the Nov. 8 polls. He attended the Monday's Springfield inaugural of Democratic Gov. Otto Kern, and will have to be satisfied with that, he contended.

For a considerable period following the Nov. 8 balloting, results of the election pivoted on the Illinois result. Madison county came up strong with 34,447 for Kennedy and 42,918 for Nixon.

In fact, Simmons notes, Madison county's Democratic majority was in excess of Kennedy's Illinois plurality, which won him the state's 27 electoral ballots.

Without the Illinois vote, it appeared for a time, the election might swing to the GOP forces.
